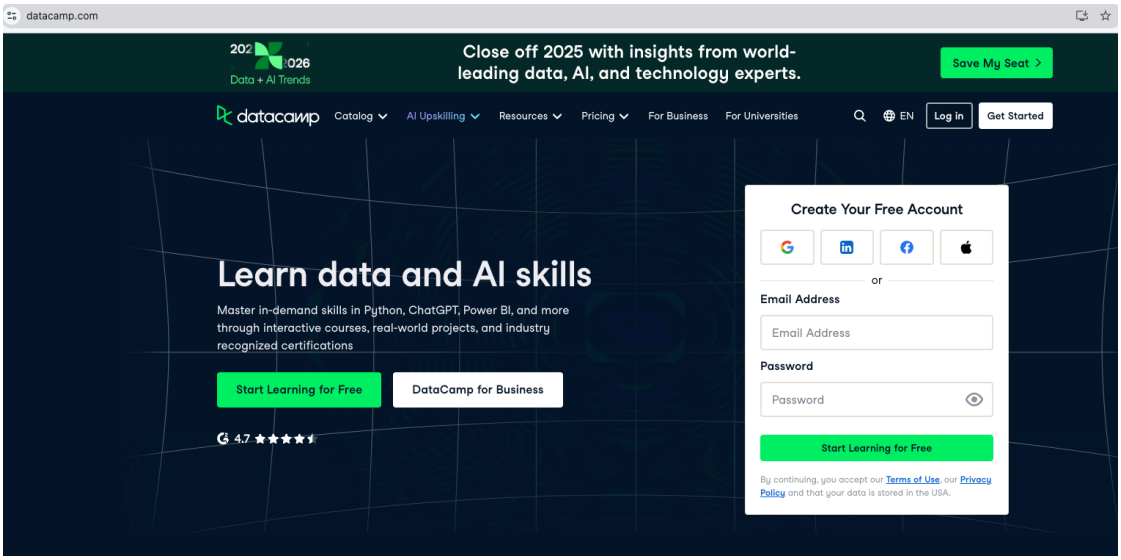
Get Started with DataCamp

Create Account

- As a first step, you should create an account with DataCamp using your `@dukekunshan.edu.cn` email address.
- Please access DataCamp via this link: https://www.datacamp.com/
- Next, on the right-hand side, you will find the `Create Your Free Account` window:



- After signing up, you will receive an email confirming you have successfully created an account with DataCamp.

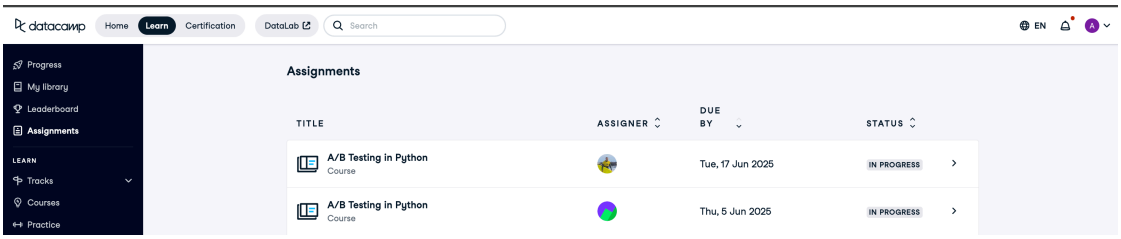
Join Classroom

- Once you have an account with DataCamp, please join the classroom created for this course via the following link: https://www.datacamp.com/groups/shared_links/dec89f14c90d202296a8b3fa0887d9104b97911e3cbfd8fbcd2374f249b8edf5

- If you fail to join the classroom via the link, please let me know, I'll alternatively invite you in by adding your email address.

Complete Assignments

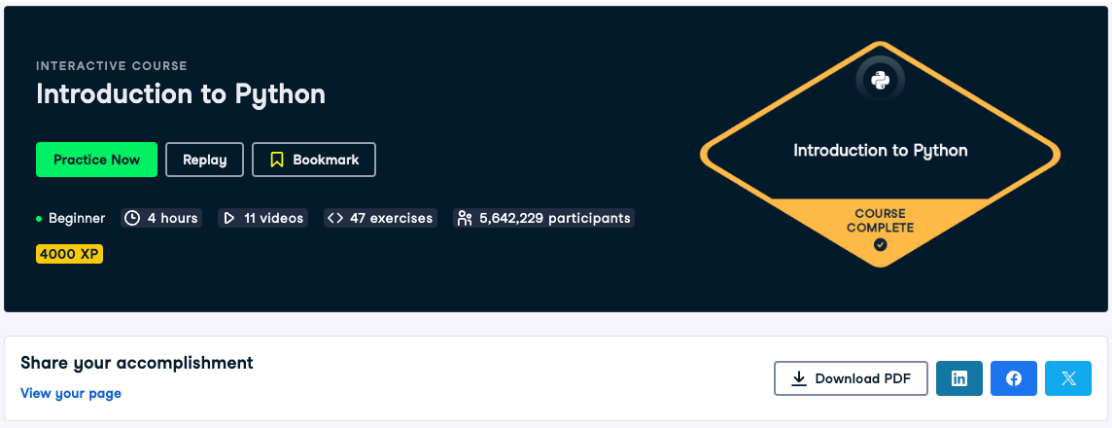
- When an assignment is created, you will receive a DataCamp notification and an email alert.
- To view the list of assignments, go to the `Learn` tab in the top dashboard:



- You will receive a reminder email 4 days before each deadline.

Get Statement of Accomplishment

- When you complete a course, DataCamp will provide a statement of accomplishment.
- To access your statement of accomplishment, travel to the course that you completed. The top of the course dashboard will look like this:



- There, you can download or share your statement of accomplishment.
